Deburring Machine QMC1600R-8

I. Packing including:

One Deburring machine (p. 1) including following working components:

One sand belt system + eight wheels grinding system(magnetic attraction platform + vacuum adsorption platform) (p. 2)

Machine wooden box size (LWH) 3600*2350*2350mm

Vacuum fan and size 1300*1300*1200mm

Machine weight 3500kg

Fan weight 200kg

Includes 10 sanding belts (client bought replacement)

Parameter configuration:

Frame main beam steel plate, channel steel, square pipe (bending, welding) workbench integrated adjustable

Maximum processing width: 1600mm;

Maximum processing height: 80mm;

Minimum processing length non-ferrous parts: 50*50mm

Minimum processing length iron parts: 15*15mm

Fixed method unrestricted: Negative pressure plus magnetic attraction dual system (as per request)

Replaceable items:

Consumables used sanding belt + sanding wire wheel (national standard) (p. 2)

Sanding belt specifications 1620*2200mm (subject to actual) (p. 2)

Conveying method: Belt (p. 2)

Sanding wire wheel specifications 300-300-25mm (subject to actual) (p. 2)

Main System details:

Conveying motor double curved surface series 4kw (frequency conversion adjustable)

Conveying speed: 0-5M/min (frequency conversion speed regulation) Sanding frame motor: 22kw*1pcs (Ruijiate national standard pure copper motor)

Universal wheel alternating power 12N stepping motor (Good brand)

Host power 3*3KW (Weihai Huarui national standard pure copper motor)

Rubber roller diameter 210mm (rubber roller) (p. 2)

Universal wheel spindle speed 0-1000r/min (frequency conversion adjustable)

grinding wheels 8 pcs (p. 2)

Platform lifting motor 0.55kw (Anhui HALEI)

Alternating speed 0-35r/min (frequency conversion adjustable)

Negative pressure adsorption 18.5kw at 2900 rpm.

Lifting travel 80mm.

Control system: PIC.

Bearing TR (domestic first-grade)

Electric magnetic valve Jiaerling (listed company)

Electrical appliances: Tianzheng (domestic first-grade, with overheat protection)

Photoelectric items from Autonics (Korea)

II. Delivery location: Domestic port (shanghai, China)

III. Delivery deadline: 25 days (from China port)

IV. Transportation method and insurance: LCL OR FCL sea shipping

V. Payment method: 30% deposit prepaid, pay the full amount before packing and delivery.

(1) All payments must be made directly to our company's designated account, and business personnel shall not handle them, otherwise the consequences shall be borne by the buyer. The company will issue a company receipt after receiving the payment, and the company does not recognize personal receipts from business personnel.

VI. Quality assurance and warranty matters:

The quality warranty period for the equipment is one year for the whole machine (warranty parts are only responsible for LCL delivery). The warranty period starts from the equipment installation and commissioning date. During the equipment warranty period, if the buyer operates and uses it normally and equipment failure occurs, the seller will repair it free of charge. During this period, the buyer should not ask a third party to repair it, or disassemble it without mutual consent, otherwise all consequences shall be borne by the buyer. (replaceable items are not in this warranty)

VII. Force Majeure

Due to force majeure reasons leading to the seller's delay in delivery or inability to deliver, the seller shall notify the buyer as soon as possible by fax, email or express delivery of the certifying documents issued by the statutory institution where the force majeure occurred, and the seller shall not bear the liability for breach of contract caused thereby. (p. 3)

VIII. Other clauses

- 1. In accordance with relevant legal regulations, the buyer shall fully respect the intellectual property rights and proprietary technology of the seller, and shall not cooperate with any third party organization or individual in any way, or plagiarize the seller's patents and proprietary technology.**
- 2. The buyer shall not provide the seller's patents and proprietary technology to any third party. Otherwise, the buyer shall compensate the seller with a fine equivalent to 10 times the total contract amount, and the buyer shall compensate for the economic losses caused all.**

THANKS YOU FOR PURCHASING
